## SUMMARY

As a senior computer science engineering student with hands-on experience from a Salesforce internship completed in January 2024, I bring a strong foundation in software development and technology solutions. I am now seeking a full-time position where I can leverage my programming expertise and problem-solving abilities in a dynamic environment such as Goldman Sachs, contributing to innovative solutions across banking, cybersecurity, and enterprise functions. My goal is to be part of a team that values integrity, professionalism, and a commitment to delivering high-quality, scalable technology solutions.
